ILLUSTRATED CROCHET PATTERN

Navia Flower Blanket

Raised popcorn flowers sit above pairs of leaves, with crocheted stems sewn onto the finished blanket. Original design and charts by **Susan’s Family**, Northern Europe series, tutorial EN2287. This edition uses US crochet terminology throughout.

Width: 95 cm

Height: 110 cm

Finished size. Approximately 37½ × 43¼ in (95 × 110 cm), including the border. Each flower square measures about 5½ in (14 cm) across. Each leaf square measures about 2¾ in (7 cm). Make one flower square and two leaf squares first. Lay the leaves side by side and check that their combined width matches one edge of the flower square.

Pattern guide. Gather your materials (p. 2), make the three flower styles and their square frames (pp. 3–8), then crochet the leaves (pp. 9–10). Arrange and sew the motifs (pp. 11–12), work the border (pp. 13–14), and attach the stems (p. 15).

Materials and stitch key

Yarn and hook. The sample uses Susan’s Family Impression Misty Feather yarn and a 3 mm crochet hook. You will also need a tapestry needle, scissors, and stitch markers. Choose either the Bleached Sand or Silver Lake Blue background and use that section of every color chart.

Yarn quantities. The source materials list is incomplete and differs from the Bleached Sand motif chart. For Silver Lake Blue, the visible list gives 7 balls of shade 14, 2 of shade 03, and 1 each of shades 07, 11, 16, 21, and 24. Shade 12 also appears in the motifs. Check every shade number in your chosen charts before buying yarn. Total yardage and complete quantities by shade are unconfirmed.

Motif count. Make 5 A1 flowers, 9 A2 flowers, and 4 A3 flowers, one in each numbered color combination. Make 96 A4 leaf squares. “Color 1” is a combination for an entire motif. The number before the # sign identifies the yarn shade for an individual round.

US stitch key. MR = magic ring. Rnd = round. St = stitch. Ch = chain (oval). Sl st = slip stitch (solid dot, labeled “sl” in the charts). Sc = single crochet (X). Hdc = half double crochet (T). Dc = double crochet (T with one crossbar). Tr = treble crochet (T with two crossbars).

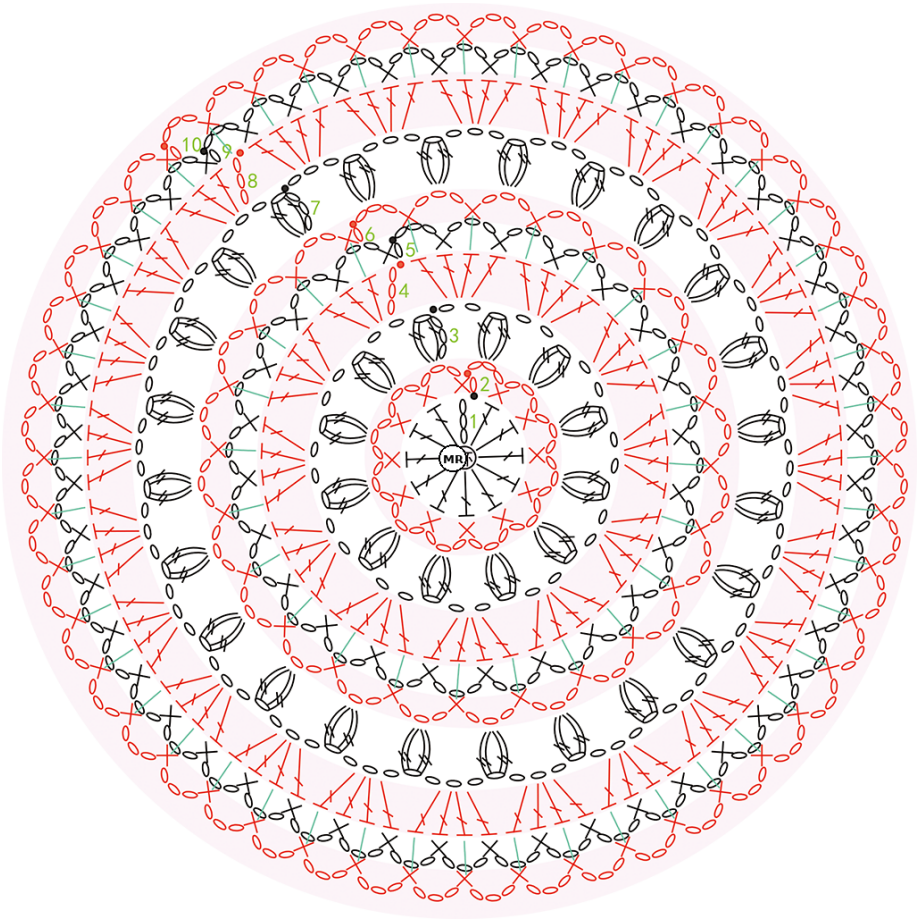

Back-post stitches. Insert the hook from back to front and back again around the post of the indicated stitch. Complete the stitch at the specified height. BPsc, BPhdc, and BPdc mean back-post single, half double, and double crochet. A hook-shaped base on a chart symbol shows a post stitch.

4-dc popcorn. Work 4 complete dc in the same space. Drop the loop, insert the hook in the top of the first dc, and pull the dropped loop through. Push the popcorn to the right side and ch 1 to secure. Work any spacing chains in addition to this securing chain.

3-dc or 3-tr bobble. Work 3 dc or 3 tr in the same space, stopping before the last yarn-over of each stitch. Yarn over and draw through all 4 loops on the hook. Use this closure for the bobbles in the flower-square corners.

Starting and joining. A beginning ch 3 counts as the first dc. To start an sc round, ch 1 and work the first sc in the same stitch. Join with a sl st to the first counted stitch unless directed otherwise. Weave ends in on the wrong side as you change colors. Keep the tail specified in Leaf Round 3 for assembly.

A1 · Flower center

Rnd 1. Make a double magic ring. Ch 3, then work 11 dc into the ring. Tighten the ring and join to the third beginning ch. Count 12 dc.

Rnd 2. Join yarn in the joining stitch. Work 1 sc in each dc, with ch 3 between sc. Include the last ch 3 before joining to the first sc. Count 12 arches.

Rnd 3. Work (1 popcorn, ch 2) in each ch-3 space. For the first popcorn, use ch 3 and 3 dc for the four dc. Join to the first popcorn. Count 12 popcorns.

Rnd 4. Work 4 dc in each ch-2 space. Join. Count 48 dc.

Rnd 5. Repeat (sc in next dc, ch 3, skip 1 dc) around. Join. Count 24 arches. Mark the unused dc immediately after the first sc for the start of Rnd 6.

Rnd 6. Work 1 sc in each unused dc of Rnd 4, with ch 3 between sc. Hold the Rnd 5 arch behind the work at the first anchor and in front at the next. Alternate around and join. Count 24 new arches.

A1 · Outer ring of popcorns

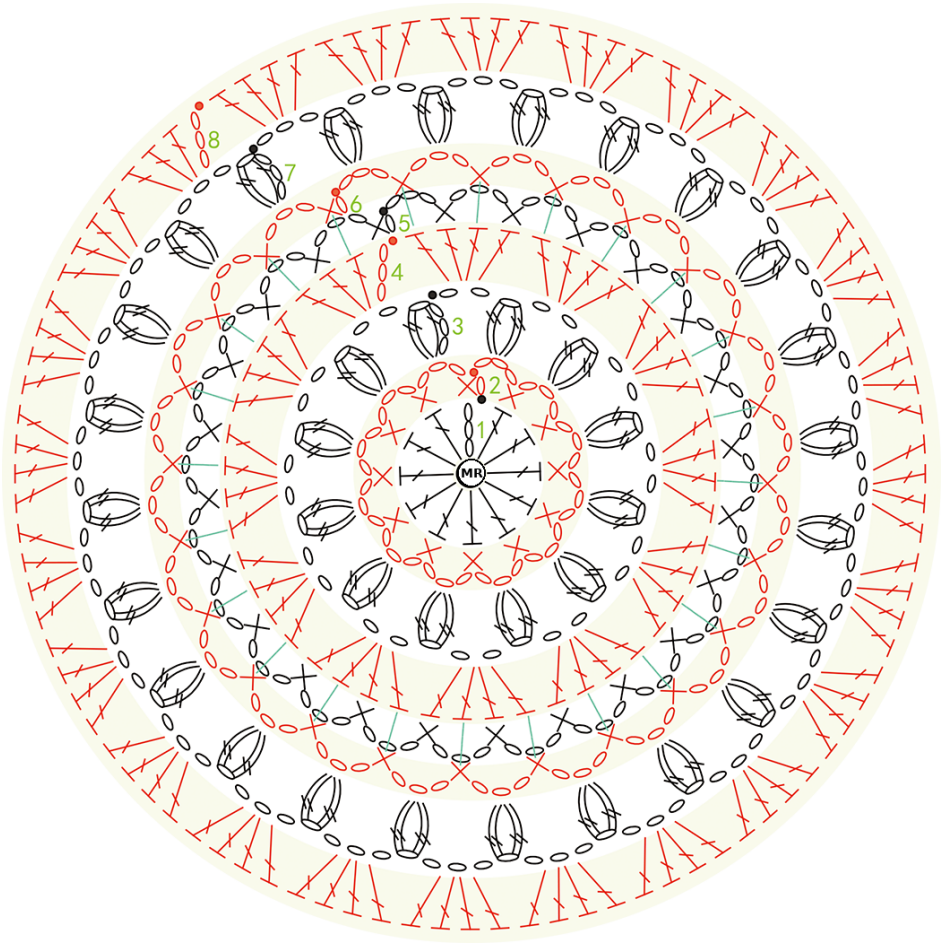

Rnd 7. In each Rnd 6 arch work (1 popcorn, ch 3). Join. Count 24 popcorns. **Rnd 8.** Work 4 dc in each ch-3 space and join. Count 96 dc.

Rnd 9. Repeat (sc in next dc, ch 3, skip 1 dc) around. Join. **Rnd 10.** Work 1 sc in each unused dc of Rnd 8, with ch 3 between sc. Alternate the Rnd 9 arches behind and in front as in Rnd 6. Count 48 arches in each round. Continue with the square frame on p. 7.

Part 2	Rnd 1-Rnd 4	14#Silver Lake Blue				

Reading the chart. Each column makes one flower. Read down from Rnd 1 through Rnd 10. The Part 2 row gives the shade for all four rounds of the frame.

A2 · Flower with layered arches

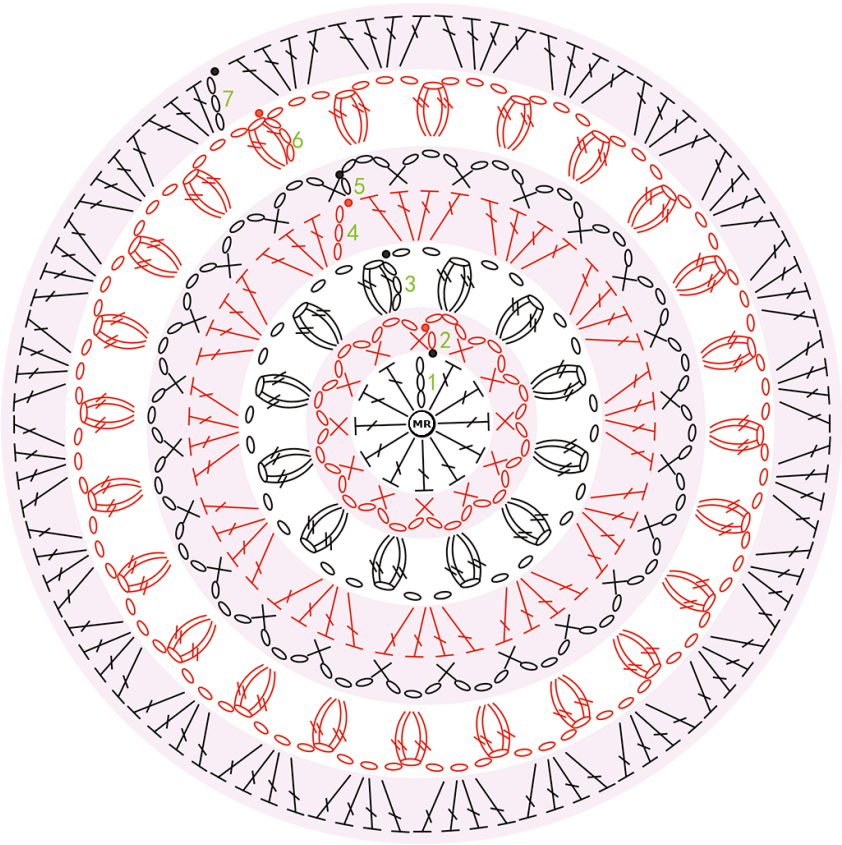

Rnds 1–5. Follow Rnds 1–5 on p. 3 using the A2 colors. The counts are 12 dc, 12 arches, 12 popcorns, 48 dc, and 24 arches, respectively.

Rnd 6. Work 1 sc in each of the 24 unused dc of Rnd 4, with ch 3 between sc. Hold every Rnd 5 arch in front as you work. This places the new row of arches behind the first.

Rnd 7. In each Rnd 6 arch work (1 popcorn, ch 3). Join. Count 24 popcorns. **Rnd 8.** Work 4 dc in each Rnd 7 arch. Join with a sl st. Count 96 dc. The circular part of A2 is complete. Add the frame on p. 7.

Use a different column of the A2 chart (p. 8) for each of the nine flowers.

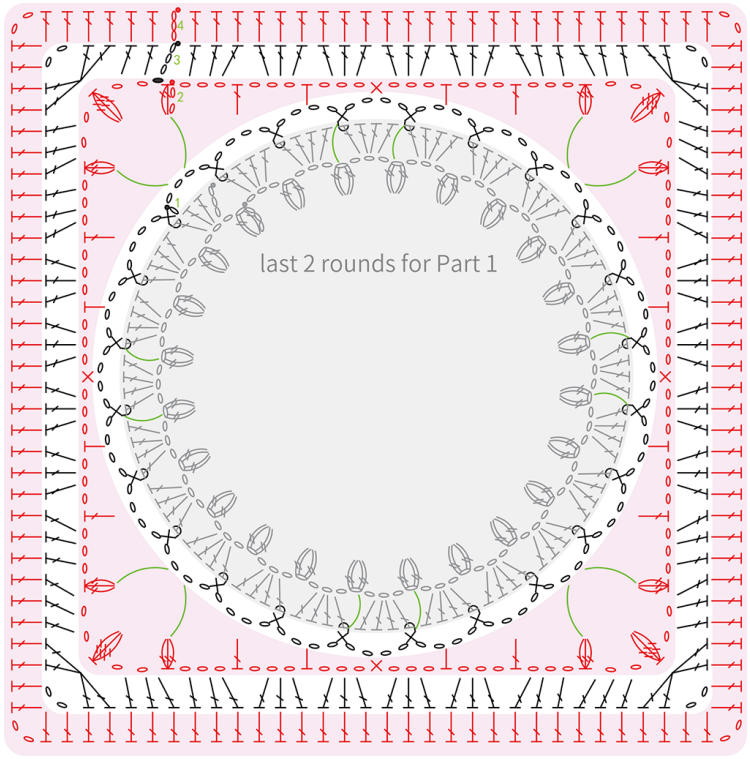

A3 · Seven-round flower

Rnds 1–5. Follow p. 3 using the shades below. **Rnd 6.** In each of the 24 Rnd 5 arches work (1 popcorn, ch 3). Join. **Rnd 7.** Work 4 dc in each Rnd 6 arch. Join with a sl st. Count 96 dc. Add the frame on p. 7. Make one flower in each of the four combinations.

Part 2	Rnd 1-Rnd 4				

Square frame for A1, A2, and A3

Rnd 1 · Foundation arches. Work behind the flower. Find the round of 24 popcorns and the 96 dc immediately above it. Start at the green 1. Work BPsc around the posts indicated, with ch 4 between all BPsc. Each quarter has four anchors around dc posts (one in each indicated 4-dc group) and two around neighboring popcorns. The green lines show where to reach down to the popcorns. Repeat for all four quarters. Count 24 arches, six per quarter.

Rnd 2 · Shape the corners. In the arch to the right of the join, work (3-dc bobble, ch 2, 3-tr bobble, ch 2, 3-dc bobble). For the first bobble only, ch 2 and close 2 unfinished dc together. Across the next five arches work 1 dc, 1 hdc, 1 sc, 1 hdc, and 1 dc, respectively. Ch 3 between these stitches, including after each corner and before the next. Repeat the corner and side sequence four times total. Join and leave the yarn attached.

Rnd 3. Sl st into the first ch-2 space. Work 3 dc in every chain space around. In addition, work (2 dc, ch 2, 2 dc) in the top of the center 3-tr bobble at each corner. Join. Count 28 dc between corner spaces.

Rnd 4. Work 1 dc in each dc. In each corner space work (2 dc, ch 2, 2 dc). Join and fasten off. Count 32 dc per side and four corner spaces.

A2 · Round-by-round colors

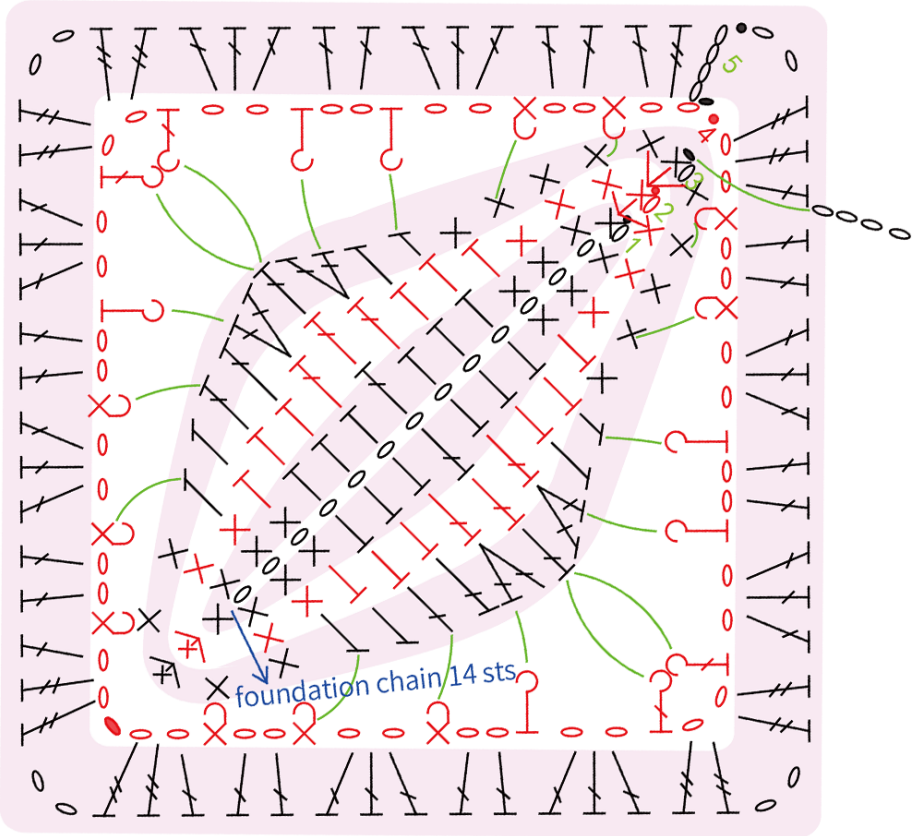

Make one square per column, using the same background version throughout. The final row of each chart gives the frame color. The columns in both charts run from Color 1 on the left to Color 9 on the right.

Bleached Sand Style (Motif 2)										
Position		Color 1	Color 2	Color 3	Color 4	Color 5	Color 6	Color 7	Color 8	Color 9

	Rnd 8	14#Silver Lake Blue								
Part 2	Rnd 1-Rnd 4									

On the layout (p. 11), look for “motif 2” and the corresponding column number. The flower at the upper left, for example, uses A2 Color 1.

A4 · Leaf center

Rnd 1. Ch 14. Work 2 sc in the second ch from the hook. Across the next 11 chains, work 1 stitch in each in this order: 2 sc, 3 hdc, 1 dc, 3 hdc, 2 sc. Work 3 sc in the last ch. Rotate the leaf and work the same 11-stitch sequence along the underside of the foundation chain. Work 1 sc in the same ch as the first 2 sc. Join. Count 28 stitches.

Rnd 2. Ch 1 and work 2 sc in the first st. Along the side work 2 sc, 3 hdc, 3 dc, 3 hdc, and 2 sc, one stitch in each st. Work 3 sc in the center sc at the opposite tip. Repeat the side sequence. To finish the first tip, work 1 sc in the same st as the first 2 sc. Join. Count 32 stitches.

Rnd 3. Ch 1 and work 2 sc in the first st. Along the side work 4 sc, 2 hdc, 2 dc in next st, 1 dc, 2 dc in next st, 2 hdc, and 4 sc. Work 3 sc at the opposite tip. Repeat the side sequence. Work 1 sc in the same st as the first 2 sc and join. Ch 4 and cut the yarn, leaving a 4 in (10 cm) tail for assembly. Count 40 stitches before the final ch 4.

A4 · Frame the leaf

Rnd 4 · Back-post framework. Join the background color from behind in the center sc at the tip marked 4 on p. 9. Ch 2 between anchors and skip 1 base stitch when moving to the next anchor. On the first side work BPsc around each of the next two indicated posts, BPhdc around each of the next two, (BPdc, ch 2, BPdc) around the same post, BPhdc around the next indicated post, and BPsc around each of the next three. Ch 2 and sl st in the center sc of the opposite tip. Work the other side in reverse order, keeping ch 2 between anchors. Join at the starting point.

Rnd 5 · Fill the frame. Sl st into the first arch after the tip. Ch 4 (counts as 1 tr), then work 1 tr and 1 dc in that arch. Work 2, 3, 2, and 3 dc in the next four arches, respectively. In the arch between the two BPdc work (2 tr, ch 2, 2 tr). Work 3, 2, 3, and 2 dc in the next four arches.

Turn the far tip. In the arch before the tip sl st, work (1 dc, 2 tr). Ch 2. In the next arch work (2 tr, 1 dc). Repeat the first half, including the corner between the two BPdc. Work (1 dc, 2 tr) in the final arch, ch 2, and join to the fourth beginning ch. Count 15 stitches per side between corner spaces.

Sort by combination. Make 28 leaves in Color 1, 18 in Color 2, 20 in Color 3, 14 in Color 4, and 16 in Color 5. Arrange leaves in pairs with their diagonals sloping in opposite directions.

Layout for all 114 motifs

Each outlined motif is one piece. The leaves form V-shaped pairs. Keep the chart facing the same way throughout assembly so the flowers and stems line up.

ASSEMBLY / VIDEO 2 · 00:09

Sew the motifs together

1 · Lay out the pieces. Arrange the motifs right side up using the layout on p. 11. Start at the lower right, where four leaf squares sit below an A3 flower. Check that the bases of each leaf pair meet in the middle and the outer tips point upward.

2 · Start with a vertical seam. Thread a tapestry needle with the frame color. Hold two squares with wrong sides together. Secure the yarn on the wrong side. At the corner, pick up one loop of the corner chain on the first square, then the matching loop on the second square.

3 · Match stitches across the seam. On the first edge, insert the needle where it last came out and bring it up under the back loop of the next stitch. Repeat on the opposite edge. At a turning chain that counts as a dc, pass under both strands at its top. After a few stitches, draw the sewing yarn snug until it disappears on the right side. Open the pieces and ease the seam flat.

4 · Work across intersections. Join the second pair of leaves, then sew the pairs together. Where seams meet, catch a corner chain a second time if needed to close a gap. Secure and weave in the yarn on the wrong side after each section. If you need a new length, secure both ends on the wrong side.

5 · Join one flower to two leaves. Match the outside corners and mark the center before sewing. Start at the outside edge and sew inward. At the seam between the leaves, catch one corner chain from each leaf and sew each chain to a separate, consecutive stitch on the flower. Finish the side and continue across the blanket.

6 · Secure the leaf tips. At the base of each pair, pass the tail from the ch-4 extension on each leaf through the junction to the wrong side. Bring both tails through the same spot, keeping the chains untwisted. Weave in the tails. The blanket is ready for its border.

Seven-round border

Rnd 1 · Foundation. Join yarn in an outside corner space. Ch 3 and work 1 dc in the same space. Work 1 dc in each stitch and 1 dc in each motif chain space along the edge. At each seam, work 1 tr under two strands of the join. Work (2 dc, ch 2, 2 dc) in each outside corner. At the starting corner, add 2 dc, ch 2, and join to the third beginning ch. Fasten off.

Rnd 2 · First mesh layer. Join in the corner space immediately to the right of the join. Ch 1 and sc in that space. Ch 5, skip the first 2 dc after the corner, and sc in the third. Along straight edges repeat (ch 5, skip 3 dc, sc in next dc). Before each corner leave 3 dc unworked, ch 5, and sc in the corner space. After each corner skip 2 dc as before. Join the last arch to the first sc. Fasten off.

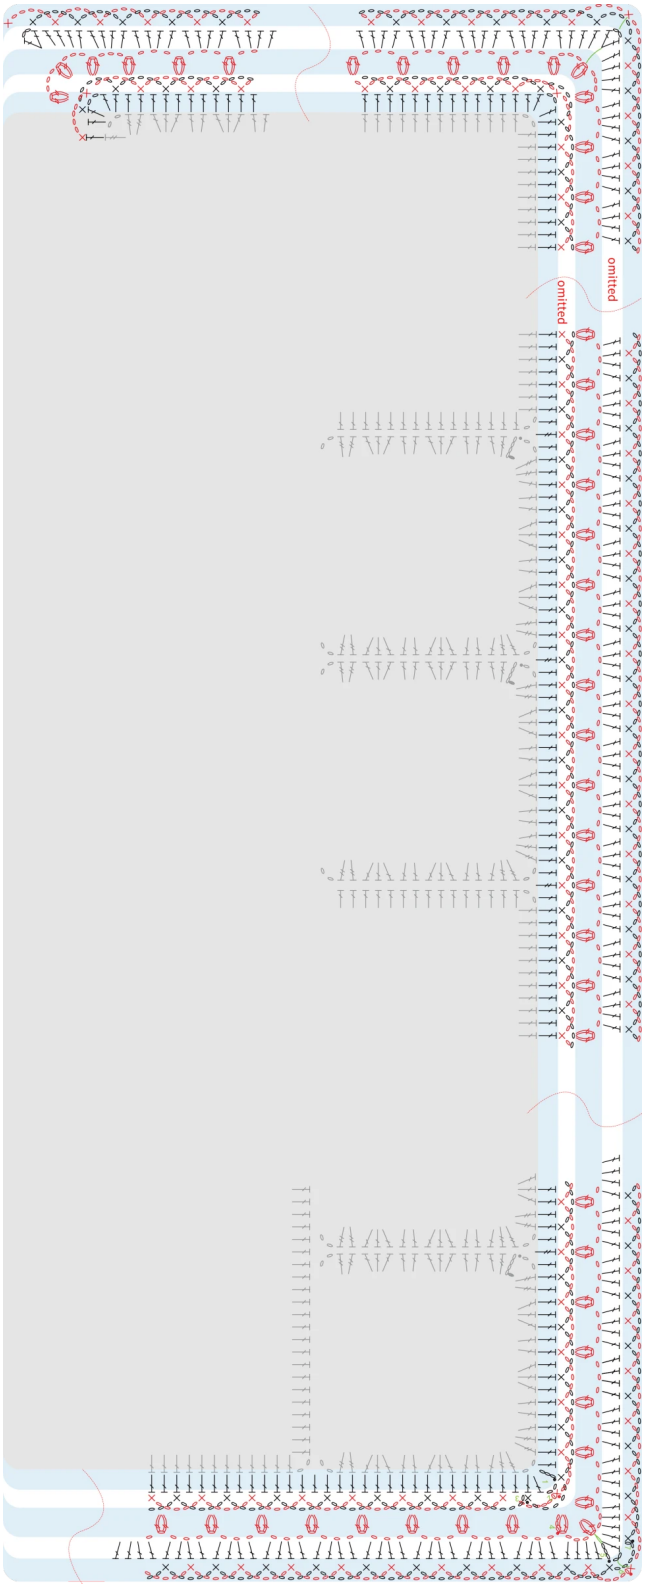

Rnd 3 · Second mesh layer. Join in the second-to-last dc of Rnd 1 with the Rnd 2 arch held behind. Ch 1, sc in the same stitch, and ch 5. Sc in the top of the beginning ch 3 of Rnd 1, holding the Rnd 2 arch in front. Continue with ch 5 between sc. Anchor each sc in the middle of the three unused dc between Rnd 2 anchors. Alternate the Rnd 2 arches behind and in front. At each corner, place the first sc after the corner space in the first dc of Rnd 1. Join and fasten off.

Rnd 4 · Popcorns. In the Rnd 3 arch that crosses the corner, work (1 popcorn, ch 3, 1 popcorn, ch 3, 1 popcorn). Continue with 1 popcorn per side arch and 3 per corner arch, working ch 3 between all popcorns. Join and fasten off.

Rnd 5 · Double crochet band. Join in the center popcorn of a corner. Ch 3 (counts as 1 dc), ch 2, and dc in the same popcorn. Work 4 dc in every ch-3 space. Work (1 dc, ch 2, 1 dc) in the center popcorn of each remaining corner. Join.

Rnds 6 and 7 · Interlaced edging. Use Rnd 5 as the new foundation. In Rnd 6 (black), sc in the indicated dc with ch 5 between sc, skipping 3 dc on straight edges. The black arch crosses the corner. In Rnd 7 (red), sc in each Rnd 5 corner space. Between corners, anchor sc in the unused Rnd 5 dc midway between black anchors, with ch 5 between sc. Alternate the Rnd 6 arches in front and behind. Check the starts and corners on p. 14. Join, fasten off, and weave in ends.

Border chart

The gray area represents the joined motifs. “Omitted” means the same stitch repeat continues along the straight edge. The shade for each round is listed on p. 15.

Stems and finishing

The Border			
Bleached Sand Style		Silver Lake Blue Style	
Round	Color	Round	Color
Rnd 1	03#Bleached Sand	Rnd 1	14#Silver Lake Blue
Rnd 2	12#Ash Rose	Rnd 2	03#Bleached Sand
Rnd 3	03#Bleached Sand	Rnd 3	14#Silver Lake Blue
Rnd 4	06#Heritage Blue	Rnd 4	11#Golden Apricot
Rnd 5	03#Bleached Sand	Rnd 5	14#Silver Lake Blue
Rnd 6	14#Silver Lake Blue	Rnd 6	16#Pastel Yellow
Rnd 7	23#Green Tea	Rnd 7	24#Elm Green

Measure each stem on the assembled blanket. Trace the path from the base of a flower to the junction of its leaves. Use the photo on p. 1 to check the direction. Stem lengths vary. Pin each cord in place to check its length before cutting.

Make a double-chain cord. Leave a starting tail about three times the intended stem length. Make a slipknot. Bring the tail over the hook from back to front. Yarn over with the working yarn and draw it through both the strand from the tail and the loop already on the hook. Repeat, bringing the tail over the hook from back to front for every stitch. Compare the relaxed cord with its path on the blanket.

Sew the stem in place. Cut the working yarn, leaving a sewing tail about one and a half times the stem length. Pull it through the final loop and thread it onto a tapestry needle. Anchor the cord at the leaf junction. Travel a short distance along the wrong side, bring the needle up, and catch the cord with a small stitch. Repeat to the flower, keeping the cord flat. Secure the end at the flower and weave both tails into the wrong side.

Finish the blanket. Spread it on a flat surface. On the right side, check that the popcorns stand proud and that the seams and stems lie flat. Gently shape the sides and corners according to the care instructions on the yarn label.
